Contents of Volume 239

Vol. 239 Nos. 1–4 **December 20 2000**

Preface 1

Rainfall Estimation and Hydrological Response

Flood estimation using radar and raingauge data
X. Sun, R.G. Mein, T.D. Keenan and J.F. Elliott 4

Simulating mountain runoff with meso-scale weather model rainfall estimates: a New Zealand experience
R.P. Ibbitt, R.D. Henderson, J. Copeland and D.S. Wratt 19

Radar-Based Nowcasting

Nowcasting precipitation — a proposal for a way forward
K.T. Smith and G.L. Austin 4

Improving the nowcasting of precipitation in an Alpine region with an enhanced radar echo tracking algorithm
S. Mecklenburg, J. Joss and W. Schmid 6

A large-sample investigation of statistical procedures for radar-based short-term quantitative precipitation forecasting
M. Grecu and W.F. Krajewski 69

Simulation study of the effects of model uncertainty in variational assimilation of radar data on rainfall forecasting
M. Grecu and W.F. Krajewski 85

A radar data based short-term rainfall prediction model for urban areas — a simulation using meso-scale meteorological modelling
J. Thielen, B. Boudevillain and H. Andrieu 97

Covariance propagation and updating in the context of real-time radar data assimilation by quantitative precipitation forecast models
K.P. Georgakakos 115

Short-Term Forecasting

Comparison of short-term rainfall prediction models for real-time flood forecasting
E. Toth, A. Brath and A. Montanari 132

Rainfall prediction for a flooding event in Ireland caused by the remnants of Hurricane Charley
E.I.F. de Bruijn and T. Brandsma 148

A quantitative precipitation forecast experiment for Puerto Rico
M.M. Carter, J.B. Elsner and S.P. Bennett 162

Verification of precipitation in weather systems: determination of systematic errors
E.E. Ebert and J.L. McBride 179

Simulation of precipitation fields from probabilistic quantitative precipitation forecast
D.-J. Seo, S. Perica, E. Welles and J.C. Schaake 203

Long-Term Forecasting

Seasonal to interannual rainfall probabilistic forecasts for improved water supply management: Part 1 — A strategy for system predictor identification
A. Sharma 232

Seasonal to interannual rainfall probabilistic forecasts for improved water supply management: Part 2 — Predictor identification of quarterly rainfall using ocean-atmosphere information
A. Sharma, K.C. Luk, I. Cordery and U. Lall 240

Seasonal to interannual rainfall probabilistic forecasts for improved water supply management: Part 3 — A nonparametric probabilistic forecast model
A. Sharma 249

National Forecasting Systems

Operational quantitative precipitation forecasting at the German Weather Service
U. Damrath, G. Doms, D. Frühwald, E. Heise, B. Richter and J. Steppeler 260

Quantitative precipitation forecasting in the UK
B.W. Golding 286

An overview of the National Weather Service's centralized statistical quantitative precipitation forecasts
Mark S. Antolik 306

Announcement 339
